

AGENDA

“Understanding Oxidative Stress: The Biochemistry, The Biology and Improved Animal Health”

Continuing Education Conference

October 27 & 28, 2011

The Inn at Harris Ranch, Coalinga, CA

October 27th & 28th

“Biomedical review of oxidative stress, physiology thereof and introduction of prevention measures” –
Dr. John J. Ramsey – UC Davis

“Vitamin E, Selenium and Carotenoids” –
Dr. Gerald Combs – Grand Forks Human Nutrition Center
USDA/ARS

“Fatty Acids (PUFA’s) role in oxidative stress, lifespan effects and product/feed degradation aspects” –
Dr. Gita Cherian – Oregon State University

“Summary & Suggested Farm Applications –
Round Table Discussion” –
Dr, Mark Engstrom – DSM
